

VERSE:

They say
At least I got to love you
But I wish that we hadn't met at all
I was lucky to have held you
You took my hand, you swore I would not fall
But you broke your word, and I can't go back
But for what it's worth
I can't escape you
Heaven knows I've tried

CHORUS:

Oooh ooo
Do I haunt you
Like you haunt me too
Ooooh ooo
It's our dream I fall into

VERSE:

I wish I never said that
I wish you never called
I wish that we could talk it out without losing it all
But why can't I just get you out my mind

CHORUS:

Oooh ooo
Do I haunt you
Like you haunt me too
Ooooh ooo
It's our dream I fall into

BRIDGE:

Can't wake from this nightmare
Sleepless nights exhausted
Eyes wide shut
But I can't stray from you
So over
Thinking 'bout us broken
Record stuck time frozen
Hijacked mind I'll steal it
Back from you

CHORUS:

Oooh ooo
Do I haunt you
Like you haunt me too
Ooooh ooo
It's our dream I fall into
Oooh ooo
Do I haunt you
Like you haunt me too
Ooooh ooo
It's our dream I fall into
It's our dream I fall into
It's our dream I fall into
